## SATURDAY LUNCH CAMPAIGN

"If you order on  
Saturday Lunch,  
we offer you a  
discount on next  
dinner visit"

## BEST HOLIDAYS PROMOTION

Christmas Eve  
New Year's Eve  
Epiphany

- More business hours
- Focus on high quality products
- Partnerships nearby restaurant

## WORST HOLIDAYS PROMOTION

Labor Day/May Day  
Orthodox Pentecost  
Monday

Attract costumers

# DEPLOYMENT

## Short-Term

- Application of promotions and discounts;

## Medium-Term

- Final recommendation system;
- Quarterly report to the main decision-makers as marketing and financial areas;

## Long-Term

- Annually modeling review;

# Final recommendation system

A consultation system for employees and management

There are two types of recommendations:  
Restaurant and Deliveries

## Recommendation Restaurants

Based on:

- Number of persons
- Ordered Items

- *"Three customers order Spring Roll, what are the main suggestions under the model?"*

antecedents ⇄ consequents ⇄

Spring roll → 1/6 duck

## Recommendation Delivery

Based on:

- Customer City
- Ordered Items

➤ *"A costumer that orders 'Spring roll' in 'Egkomi', what are the main suggestions under the model?"*

antecedents ⇅	consequents ⇅
Spring roll	Chicken cashew nuts
Spring roll	extra sauce

# CONCLUSION

- **Market Basket Analysis** is used to optimize operations and drive profitable improvements for the business;
- Understanding customer behavior is pivotal to developing **more effective marketing strategies**;
- Resulting in more **successful promotions** and ultimately increased revenue;
- Recommendations that are in line with **C's goals**.

**THANK  
YOU !**
